FOR GOOD MEASURE:

Bust: Measure around the fullest part of the chest with arms down.

Waist: Measure where the natural waist bends from side to side. (Smallest part)

Hip: Measure at fullest part, 7" down from waist.

Back Waist: Measure from back neckbone (where a necklace lies) to the natural waistline.

Sleeve: Top of shoulder to wrist bone with arm hanging down to your side.

Inseam: Measure from crotch to ankle.

FINDING THE PERFECT FIT:

- When in doubt, always order the larger size. There will be no seams to let out.
- Consider all measurements when selecting size as well as what type of garment is being ordered to determine which measurement is most important.
- Sizing Worksheet must be sent to us. We will make every effort to help with any questions. Colorgarb assumes no responsibility for sizes ordered in error.
- Custom sizing is available for an additional \$30 per garment.
- Changes to inseam can be made for an additional \$2.50 per inch.

USEFUL TIPS:

- Complete the Sizing Worksheet.
- Never measure yourself.
- Wear the same under garments you plan to wear under the uniform.
- Do not measure on top of street clothes
- Keep measuring tape snug, but not too tight. Do not add inches.
- Have the same person measure the entire squad / group.
- Have everyone present on the same measuring day.
